# + More from your health plan

Your PPO plan is a Medicare Advantage plan, also known as Medicare Part C. This plan has all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B). Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

## Here's how this PPO plan works

**Get care from providers in or out-of-network as long as they accept Medicare and the plan**

**No referral is needed to see a specialist or other provider**

**Select a primary care provider (PCP) to oversee and help manage your care**

It's not required by the plan, but it's very beneficial for your long-term health and well-being.

**You pay a standard copay or coinsurance to see a network or out-of-network provider**

We work closely with our network (contracted) providers to make sure they have access to resources and tools to help them work with you for better health outcomes.

**This plan has separate maximum annual out-of-pocket amounts for medical and prescription drugs**

If you reach your plan's medical limit, the plan will pay 100% of your Medicare-covered services for the rest of the plan year. After you and others on your behalf have paid a combined total of \$2,000 for your prescription drugs, you won't pay anything for your Medicare-covered Part D drugs for the rest of the calendar year.

**Emergency and urgently needed services are covered anywhere in the world**

**This plan includes prescription drug coverage for thousands of brand name and generic drugs**

Always use network pharmacies for your plan's lowest cost on prescription drugs.

To search for a network provider or pharmacy, visit [retiree.uhc.com/LGHIB](https://retiree.uhc.com/LGHIB). You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

# Get to know your plan

It's important that you understand your plan and what benefits are covered. You can find the Drug List, Provider and Pharmacy directories and more at [retiree.uhc.com/LGHIB](https://retiree.uhc.com/LGHIB).

## Go online to find out if your drugs are covered and what your costs may be

You'll need your prescription information to estimate your costs.

## Review the online Provider Directory to see if your providers are in the network

It's okay if they're not. This plan allows you to see out-of-network providers at the same cost share as long as they accept Medicare and the plan.

## Review the online Pharmacy Directory to see what pharmacies are in our network

If your pharmacy is not in the network, you will need to select a new network pharmacy to pay your plan's lowest cost for prescription drugs.

## Review the Summary of Benefits in this guide to see how much you'll pay for medical services and prescription drugs

You can also review the Summary of Benefits online.

If you're not sure if you are enrolled in Medicare Part B, check with Social Security at [ssa.gov/locator](https://ssa.gov/locator) or call 1-800-772-1213, TTY 1-800-325-0778, 8 a.m.–7 p.m., Monday–Friday, or call your local office.

You may be disenrolled from this plan if you stop paying your Medicare Part B premium.

## You're eligible to enroll in this Medicare Advantage plan if you:

Are entitled to Medicare Part A and enrolled in Medicare Part B.

Continue to pay your Part B premium (unless it's paid for you).

**Remember:** If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

## Good news for 2025

The Coverage Gap, or “donut hole”, has been eliminated and your out-of-pocket limit (the amount you and others on your behalf pay) is \$2,000. That means you're more protected from high drug costs in 2025.

Prescription drugs		
<b>Deductible</b>	Your plan has a \$100 prescription drug deductible (does not apply to Tier 1 drugs). There is no deductible for drugs in Tier 1. Your coverage for these drugs starts in the Initial Coverage stage. There is a \$100 deductible for drugs in Tier 2, Tier 3 and Tier 4. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.	
<b>Initial coverage</b>	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of \$2,000, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.	
<b>Tier drug coverage</b> (After you pay your deductible, if applicable)	<b>Retail Cost-Sharing</b>	<b>Mail Order Cost-Sharing</b>
	<b>30-day supply</b>	<b>100-day supply</b>
<b>Tier 1:</b> Preferred Generic	\$10 copay	\$20 copay
<b>Tier 2:</b> Preferred Brand ~	20% coinsurance	20% coinsurance
<b>Tier 3:</b> Non-preferred Drug ~	20% coinsurance	20% coinsurance
<b>Tier 4:</b> Specialty Tier ~	20% coinsurance	20% coinsurance
<b>Catastrophic coverage</b>	Once you're in this stage, you won't pay anything for your Medicare-covered Part D drugs for the rest of the plan year.  If your plan includes additional prescription drug coverage, you will continue to pay the cost-sharing amounts from the Initial Coverage stage for those drugs. Please see your Additional Drug Coverage list for more information.	

## Prescription drugs

~ Subject to Medicare guidance, coinsurance may not apply to Part D insulin products. You will pay a maximum of \$35 for a 1-month supply of each Part D insulin product covered by our plan even if you haven't paid your Part D deductible. Most adult Part D vaccines are covered at no cost to you.

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

The LGHIB offers drug coverage in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D benefit and your additional drug coverage. For more information, see your Additional Drug Coverage list. You can also view the Certificate of Coverage at [retiree.uhc.com/LGHIB](http://retiree.uhc.com/LGHIB) or call Customer Service to have a hard copy sent to you.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

### You may qualify for Extra Help from Medicare

Extra Help is a program for people with limited incomes who need help paying Part D premiums, deductibles and copays. There's no penalty for applying, and you can re-apply every year. To see if you qualify for Extra Help, call:

- The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778
- Your state Medicaid office

### The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

Covered drugs are placed in tiers. Each tier may have a different cost. See the Summary of Benefits to find out what you'll pay for these drugs.

Although you pay the same copay for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Medicare prescription drug coverage under the plan. Unlike your Medicare prescription drug coverage under the plan, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

If your drug has any coverage rules or limits, there will be code(s) in the "Coverage rules or limits on use" column of the chart. The codes and what they mean are shown below.

#### **QL - Quantity limits**

The plan will only cover a certain amount of this drug for one copay or over a certain number of days. These limits can help ensure safe and effective use of the drug.

#### **MME - Morphine Milligram Equivalent**

Additional quantity limits may apply to all opioid drugs used to treat pain. This additional limit is called a cumulative Morphine Milligram Equivalent (MME). It's designed to monitor safe dosing levels of opioids for people who may be taking more than one opioid drug for pain management. If your doctor or prescriber prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor or prescriber can ask the plan to cover the additional quantity.

**7D - 7-day limit**

An opioid drug used to treat pain may be limited to a 7-day supply if you don't have a recent history of using opioids. This limit helps minimize long-term opioid use. If you are new to the plan and have a recent history of using opioids, the pharmacy may override the limit when appropriate.

**DL - Dispensing limit**

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.
